

Figure S4. Funnel plot for grip strength (volar locking plate versus cast mobilization, ($p=0.79$))

Figure S5. Funnel plot for DASH (volar locking plate versus k-wire fixation ($p=0.82$))

Figure S6. Funnel plot PRWE (volar locking plate versus bridging external fixation, $p = 0.68$)

Figure S7. Funnel plot complications (percutaneous K-wire fixation versus cast immobilization, $p = 0.85$)
